

Before you begin!

Ensure your eligibility

Qualifying customers are outlined in the Terms and Conditions on the last page.

Review all Terms and Conditions

Terms and Conditions located on last page.

Purchase qualifying equipment or services

Visit pacificpower.net/hes or call 1-800-942-0266 for information regarding equipment or service qualifications.

Keep in mind:

● **Review the Incentive Application**

Review your Incentive Application form with your contractor. They can aid you in finding qualifying equipment or services, required documentation and completing your application.

● **90-day submission deadline**

Completed form and itemized receipt must be received within 90 days of purchase, installation or completed service to meet eligibility criteria.

● **Fill everything out in four easy steps!**

All form fields are required unless noted as optional. Incomplete applications and applications not including required documentation may result in denied or delayed incentives.

● **Application assistance**

Call 1-800-942-0266 for answers to any questions you have about your application or incentive.

● **Make a copy**

After completing your Incentive Application, make and keep a copy for your records.

● **Check delivery**

Incentive checks are issued within 45 days of receipt of your completed and approved Incentive Application.

Customer Information *(all fields are required unless noted as optional)*

Please note that the incentive check will be issued to the primary name on the utility account.

Pacific Power account number _____ - _____ For account number call toll free **1-888-221-7070**
or log in at pacificpower.net.

Name on account _____ Daytime phone (_____) _____

Installation address _____ City _____ State _____ Zip _____

Mailing address _____ City _____ State _____ Zip _____

E-mail address (optional) _____ E-mail is the best way to contact me
(E-mail policy located in Terms & Conditions)

Customer acceptance of terms

I hereby certify that all information is accurate including claims of customer and equipment information. I confirm that the improvements I installed were not required by code. I have read all terms and conditions and acknowledge that Pacific Power may verify all the information provided. Incentive checks are paid to the Pacific Power account holder. Customers are responsible for payment to contractors.

Customer signature _____ Date _____

2 Household information *(all fields are required unless noted as optional)*

Data used to calculate energy efficiency

Year house built _____ House square footage (living space) _____ Square footage cooled (ducted) _____

Previous primary heat source:

- Electric furnace
- Electric heat pump
- Natural gas furnace
- _____

Current primary heat source:

- Electric furnace
- Electric heat pump
- Natural gas furnace
- _____

Previous cooling source:

- Central air conditioner
- Heat pump
- _____

Current cooling source:

- Central air conditioner
- Heat pump
- _____

What is your gender? (optional)

- Male Female

Do you rent or own? (optional)

- Rent Own

What is the age of the Pacific Power account holder? (optional)

- 18 - 25
- 26 - 35
- 36 - 45
- 46 - 55
- 56 and over

Household income – approx. (optional)

- up to \$24,999
- \$25,000 - \$34,999
- \$35,000 - \$49,999
- \$50,000 - \$74,999
- \$75,000 - \$99,999
- \$100,000 +

How did you hear about the Home Energy Savings program? (optional)

- Online search
- Friend/referral
- Retailer sales staff
- TV/Radio ad
- Bill stuffer

3 Contractor information

Some incentives require a **Program Qualified Contractor**. Visit pacificpower.net/hes for details.

Contractor/Company name _____ Contractor phone (____) _____

Contractor address _____ City _____ State ____ Zip _____

Technician name _____ Pacific Power certification # _____

Work completed date _____

Acceptance of terms

I hereby certify that all information is accurate including claims of customer and equipment information. I have read all terms on this application and acknowledge that Pacific Power may verify all the information provided.

Technician signature _____ Date _____

4 Pick your incentive

Central air conditioner incentive

Please check the incentive(s) you are applying for:

- Central air conditioner equipment
15+ SEER, 12.72 EER & TXV

Additional required documentation

- Certificate of AHRI-Certified
Performance for central air conditioner

Customer

\$100

Contractor

\$25

AHRI reference # _____ Manufacturer _____

Purchase date _____ Installation date _____

Outdoor (condenser) model # _____ Condenser serial # _____

Indoor (coil) model # _____ SEER _____ EER _____ Cooling capacity (Btu/h) _____

Furnace model # _____

Calculated cooling load (if applicable) (Btu/h) _____ Thermal expansion valve (TXV) installed? Yes

Central air conditioner / Heat pump tune-up incentive

Please check the incentive you are applying for:	Additional required documentation	Customer	Contractor
<input type="checkbox"/> Central air conditioner tune-up Program Qualified Contractor required	<input type="checkbox"/> Central air conditioner / heat pump tune-up Worksheet (350 CFM/ton/minimum air flow required)	\$50	\$25
<input type="checkbox"/> Heat pump tune-up Program Qualified Contractor required	<input type="checkbox"/> Central air conditioner / heat pump tune-up Worksheet (350 CFM/ton/minimum air flow required)	\$75	\$25

Evaporative cooler incentive

Please check the incentive you are applying for:	Additional required documentation	Model number	Serial number	Customer
<input type="checkbox"/> Permanently installed evaporative cooler <i>Minimum 2,500 CFM</i>	<input type="checkbox"/> Itemized receipt with retailer/contractor name, address and phone number, itemized listing of quantity, description, manufacturer, model number and other identifying information as appropriate, purchase date and price, and product installation date			\$150
<input type="checkbox"/> Portable evaporative cooler <i>Minimum 2,000 CFM</i>				\$50

Ductless heat pump incentive

Please check the incentive you are applying for:	Additional required documentation	Customer	Contractor
<input type="checkbox"/> Single-head ductless heat pump <i>Minimum HSPF of 9.0, minimum SEER of 16</i>	<input type="checkbox"/> Certificate of AHRI-Certified Performance for heat pump	\$550	\$50
<input type="checkbox"/> Multi-head ductless heat pump <i>Minimum HSPF of 9.0, minimum SEER of 16</i>	<input type="checkbox"/> Certificate of AHRI-Certified Performance for heat pump	\$750	\$50

Equipment information

AHRI reference # _____ Manufacturer _____
 Purchase date _____ Installation date _____
 Outdoor (condenser) model # _____ Condenser serial # _____

 Calculated cooling load (if applicable) (Btu/h) _____ Thermal expansion valve (TXV) installed? Yes

Heat pump incentive

Please check the incentive(s) you are applying for:	Additional required documentation	Customer	Contractor
<input type="checkbox"/> Heat pump to heat pump upgrade <i>minimum 8.5 HSPF & TXV</i>	<input type="checkbox"/> Certificate of AHRI-Certified Performance for heat pump	\$350	\$50
<input type="checkbox"/> Electric heat system to heat pump conversion <i>minimum 8.5 HSPF & TXV</i> Eligibility requirements: - Equipment must replace an existing electric heating system (i.e. furnace, baseboards, etc.). - Gas furnace system replacements and first time installations are not eligible.	<input type="checkbox"/> Certificate of AHRI-Certified Performance for heat pump	\$450	\$50

Equipment information

AHRI reference # _____ Manufacturer _____
 Purchase date _____ Installation date _____
 Outdoor (condenser) model # _____ Condenser serial # _____
 Indoor (coil) model # _____ SEER _____ EER _____ HSPF _____
 Furnace model # _____ Cooling capacity (Btu/h) _____
 Calculated cooling load (if applicable) (Btu/h) _____ Thermal expansion valve (TXV) installed? Yes

Required documentation

The following documents must be included for every incentive you apply for:

- Proof of payment**
Copy of endorsed and deposited check, charge receipt, canceled check or credit card statement showing full payment.
- Itemized receipt / contractor invoice**
Please note: must include a description of qualified product or service (include all model numbers), itemized costs, and purchase and installation service dates.
- Any "**Additional Required Documentation**" for each incentive. This is listed in a separate column in each incentive table.

How to receive your incentive

- Purchase and install Program Qualified equipment or services.
 - Verify if your incentive requires a **Program Qualified Contractor**. This will be listed in the incentive tables above, and in the conditions below.
 - For questions about what equipment or services qualify, visit pacificpower.net/hes or call 1-800-942-0266.
- Complete all required information on this application. Incomplete forms may be delayed or denied.
- Review and sign the acceptance of terms. Make a copy for your records.
- Mail completed form with **all required documentation** to:
Pacific Power - Home Energy Savings program
100 SW Main St., Suite 1600, Portland, OR 97204

Terms and conditions

Incentive availability

Incentives are available on a first-come, first-served basis according to the postmark date on the application. Please reference the program website at pacificpower.net/hes to determine the current status of incentive availability. All equipment must be new and have been purchased and installed prior to submitting an Incentive Application. Applications must include all information requested. Failure to provide this information may result in the delay or denial of the incentive. If required information is not provided within 90 days of application submittal, the incentive application will be denied. Incentive will not exceed purchase price. Additional terms and conditions may apply. Incentives are subject to tariff approval and may change with 45 days of notice. Please visit pacificpower.net/hes for current program requirements.

Qualifying customers

Residential electric customers residing in the state of California who purchase their electricity from Pacific Power on rate schedules D, DL-6, DS-8, DM-9 or NEM-35 qualify. Landlords who own rental properties served by the company in the state of California where the tenant is billed on rate schedules D, DL-6, DS-8, DM-9 or NEM-35 also qualify for this program. You can find your rate schedule on your bill, by calling toll free 1-888-221-7070 or by logging in at pacificpower.net. Incentive checks will be issued in the name of the customer on the qualifying account.

Incentive specific qualifications and conditions:

Getting Started

Prior to starting a project, find a contractor using the California Participating and Program Qualified Contractors list available at pacificpower.net/hes. Note that select incentives must be completed by a Program Qualified Contractor. Review the Incentive Application to determine eligibility requirements, incentive qualifications and required documents to submit for an incentive.

Incentive Application and required documents must be received within 90 days of the purchase or completed installation. Incentive checks are issued within 45 days of receipt of the completed and approved Incentive Application. Incentives are not to exceed the purchase price of the equipment or service. Equipment and service work may be inspected for compliance. Incentives are subject to tariff approval and may change with 45 days notice. Additional terms and conditions may apply.

Central air conditioner equipment

Work must be completed by either a Participating or Program Qualified Contractor. Equipment must have a minimum efficiency of 15 SEER, 12.72 EER and TXV (factory or field installed TXV). Equipment must be a new, air-source split or packaged unitary air conditioner with an Air Conditioning, Heating and Refrigeration Institute (AHRI) Standard Rating Cooling Capacity of 65,000 BTU/hr (5.4 tons) or less. Equipment efficiency will be assessed based on the AHRI certificate evaluation of the indoor and outdoor units and how they operate

Terms and conditions, continued

with the air handler. The AHRI directory can be found online at www.ahridirectory.org. For units added to existing air handlers, documentation must be submitted in addition to the AHRI certificate showing air flow of 350 CFM per ton minimum. Contractors must provide documented air flow and testing procedure details.

Central air conditioner or heat pump tune-up

Work must be completed by a Program Qualified Contractor. Incentive available on existing central air conditioners or heat pumps only. The equipment must serve at least 80 percent of the living space. Furnaces do not qualify for a tune-up incentive. Program Qualified Contractor is required to perform air flow test and refrigerant charge check. Air flow must meet minimum 350 CFM per ton requirement. For units with a TXV, refrigerant charge must be within +/- 3 degrees of target sub cooling. For units without a TXV, refrigerant charge must be within +/- 5 degrees of target super heat. Filters, coils, condensers and blowers must be cleaned. Program Qualified Contractor must complete a program tune-up worksheet. Central air conditioner tune-ups must be performed when outside temperatures are at or above 65 degrees Fahrenheit. Heat pump tune-ups may be performed year round. Incentives are limited to one tune-up incentive per unit every five years.

Ductless heat pump equipment (single and multi-head)

Work must be completed by either a Participating or Program Qualified Contractor. Equipment must have a minimum efficiency of 16 SEER and 9 HSPF. Equipment must be a new Air Conditioning, Heating and Refrigeration Institute (AHRI) rated ductless (mini-split) system listed in the AHRI Certified Directory. The AHRI directory can be found online at www.ahridirectory.org. Ductless heat pump must replace an existing electric heat system (i.e. electric baseboard). Gas, oil, and propane system conversions do not qualify. Single-head ductless heat pump is designed to heat or cool the main common area within a home. Multi-head ductless heat pump is designed to heat or cool the whole house.

Heat pump equipment (upgrade and conversion)

Work must be completed by either a Participating or Program Qualified Contractor. Equipment must have a minimum efficiency of 8.5+ HSPF and TXV (factory or field installed TXV). Equipment must be a new, air-source split or packaged unitary heat pump with an Air Conditioning, Heating and Refrigeration Institute (AHRI) Standard Rating Cooling Capacity of 65,000 BTU/hr (5.4 tons) or less. The AHRI directory can be found online at www.ahridirectory.org. Heat pump must service at least 80 percent of the home's floor area. For the heat pump to heat pump upgrade the new heat pump must replace an existing heat pump. For the electric heat system to heat pump conversion the new heat pump must replace an existing electric heat system (i.e. electric baseboard or electric furnace). Gas, oil, and propane system conversions do not qualify.

Application details

Pacific Power reserves the right to conduct random inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Pacific Power customers should visit the program website at pacificpower.net/hes for current program requirements.

The customer hereby transfers to Pacific Power all "Environmental Attributes" attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment.

The customer will not claim ownership of any Environmental Attributes. As long as the customer at the same time states the Qualifying Equipment was made possible with funding from Pacific Power, the customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Pacific Power issues incentives in the form of checks not utility bill credits. Pacific Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Pacific Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Households receiving incentives under the Home Energy Savings program may not receive equipment purchase and installation incentives under other company programs.

By providing Pacific Power with your e-mail address you agree that we may send you e-mails, occasional "breaking news" alerts and promotions from Pacific Power's Home Energy Savings Program. We may also e-mail you occasionally with updates and information about the program. Should we elect to change our privacy policy we will post the changes at pacificpower.net/hes. Where the changes are significant, we may also choose to e-mail all our registered users with the new policy details.

Incentive Application must be received within 90 days of equipment installation or completed service.
