

Before you begin!

- Review all Terms and Conditions located on last page to ensure your eligibility.
- Purchase a qualifying product.

Visit rockymountainpower.net/hes or call 1-800-942-0266 for information regarding service qualifications.

Keep in mind:

- Review the Incentive Application with your contractor or retailer.
- Completed Incentive Application and required documentation must be received within 90 days of completed service to meet eligibility criteria.
- Fill everything out in four easy steps!
All form fields are required unless noted as optional. Incomplete applications and applications not including required documentation may result in denied or delayed incentives.
- Call 1-800-942-0266 for any questions you have about your application or incentive.
- Make a copy of your Incentive Application for your records.
- Incentive checks are issued within 45 days of receipt of your completed and approved Incentive Application.

Customer information (all fields are required unless noted as optional)

Please note that the incentive check will be issued to the primary name on the utility account.

Customer acceptance of terms

I hereby certify that all information is accurate including claims of customer and equipment information. I confirm that installed home improvements do not require a building permit. I have read all terms and conditions and acknowledge that Rocky Mountain Power may verify all the information provided. Incentive checks are paid to the Rocky Mountain Power account holder. Customers are responsible for payment to contractors. By submitting this Incentive Application, I authorize Rocky Mountain Power and its agents to release the information I have included in the Application to Questar Gas Company or another program administrator for the purposes of energy efficiency program administration and project quality assurance purposes. I understand and agree that this information may be used to help determine eligibility for available Rocky Mountain Power incentives. I authorize Questar Gas Company or another program administrator to provide Rocky Mountain Power with information provided to me on any incentive application I may have submitted. I understand and agree that references to Rocky Mountain Power and Questar Gas Company and other program administrators also includes their authorized agents and program administrators.

4 Windows incentive

Qualifications

- Home must have an electric cooling system serving at least 80 percent of the floor area.
- Installed windows must have a U-Factor of 0.30 or lower and a SHGC of 0.30 or lower.
- Work may be inspected to confirm eligibility and compliance with program requirements.
- The total incentive amount must not exceed total purchase price.
- The program must receive incentive applications within 90 days of the work completion date.
- Windows may be installed by the customer or contractor. Self installers are eligible for incentives on material only and documentation of U-values and square footage must be provided.
- Incentive checks are issued within 45 days of program receipt of a completed and approved application and are only payable to customers and property owners.
- Electric cooling is defined as a permanently installed mechanical (compressor based) system delivering cooling through a duct system. This system must serve at least 80 percent of the floor area.

Required documentation

Incentive application and all of the following required documentation must be received by the program within 90 days of the work completion date (i.e. installation date indicated on invoice). Incomplete applications and applications not including required documentation may result in denied or delayed incentives.

Proof of payment

Proof of payment is third party documentation of how the service was paid for. Proof of payment must be provided for the total amount charged for work completed. If services were paid for using multiple payment options, proof of payment documentation must be provided for each payment. An invoice marked "paid" by a contractor is not sufficient.

Acceptable proof of payment includes:

- A copy of a bank-canceled check (the front and back of check must be submitted and is often available through online banking).
- A printed charge receipt (must include the credit card authorization number).
- A credit or bank statement showing the purchase as a line item.
- A finance agreement (including terms and conditions).

Invoice

Contractor invoice (or itemized receipt for self-installed windows) must clearly indicate the total number of qualifying windows, dimensions for each window, total costs and the installation date.

NFRC Stickers

Copies of NFRC stickers must be provided for each window. Stickers must include U-Factor and SHGC values for each individual window. Alternatively, a manufacturer's specification sheet that is unique to the individual windows installed may also be submitted. The manufacturer's specification sheet must include U-Factor and SHGC values for each individual window.

What type were your previous windows?	What type are your replacement windows?	How many windows did you install?	(For program use only) Number of qualified windows.	(For program use only) Square feet of glass. A	(For program use only) Incentive per square foot. B	(For program use only) Total incentive amount. AxB=

Were any of your windows installed in a basement?			<input type="checkbox"/> Yes <input type="checkbox"/> No If yes, how many? _____			
If yes, is your basement a finished living space?			<input type="checkbox"/> Yes <input type="checkbox"/> No			

How to receive your incentive

Complete all required fields on application and submit additional required documents. Incomplete applications and applications not including required documentation may result in denied or delayed incentives.

Review and sign the acceptance of terms. Make a copy for your records.

For questions about what products and services qualify, visit rockymountainpower.net/hes or call **1-800-942-0266**.

Mail completed form with **all required documentation** to:

Rocky Mountain Power - Home Energy Savings program
1407 W North Temple, Salt Lake City, UT 84116

Terms and conditions

Incentive availability

Incentives are available on a first-come, first-served basis according to the postmark date on the application. Please reference the program website at rockymountainpower.net/hes to determine the current status of incentive availability. All equipment must be new and have been purchased and installed prior to submitting an Incentive Application. Applications must include all information requested. Failure to provide any required information may result in the delay or denial of the incentive. If required information is not provided within 90 days of application submittal, the incentive application will be denied. Incentive will not exceed purchase price. Additional terms and conditions may apply. Incentives are subject to tariff approval and may change with 45 days notice. Please visit rockymountainpower.net/hes for current program requirements.

Qualifying customers

Residential electric customers residing in the state of Utah who purchase their electricity from Rocky Mountain Power on rate schedules 1, 2, 3 or 25 qualify. Landlords who own rental properties served by the company in the state of Utah where the tenant is billed on rate schedules 1, 2, 3 or 25 also qualify for this program. You can find your rate schedule on your bill, by calling toll free 1-888-221-7070 or by logging in at rockymountainpower.net. Incentive checks will be issued in the name of the customer on the qualifying account. Home must have a permanently installed ducted central cooling system serving at least 80 percent of the floor area.

Qualifying equipment and services

Qualifying products and services may be found online at rockymountainpower.net/hes or by calling us toll free at 1-800-942-0266. Home improvement incentives available on existing homes only. Incentives do not qualify if work is performed as part of building code requirements.

Application details

Rocky Mountain Power reserves the right to conduct inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Rocky Mountain Power customers should visit the program website at rockymountainpower.net/hes for current program requirements.

The customer hereby transfers to Rocky Mountain Power all "Environmental Attributes" attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment. The customer will not claim ownership of any Environmental Attributes. As long as the customer at the same time states the Qualifying Equipment was made possible with funding from Rocky Mountain Power, the customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Rocky Mountain Power issues incentives in the form of checks not utility bill credits. Rocky Mountain Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Rocky Mountain Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Households receiving incentives under the Home Energy Savings program may not receive equipment purchase and installation incentives under other Rocky Mountain Power programs.

By providing Rocky Mountain Power with your e-mail address you agree that we may send you e-mails, occasional "breaking news" alerts and promotions from Rocky Mountain Power's Home Energy Savings Program. We may also e-mail you occasionally with updates and information about the program. Should we elect to change our privacy policy we will post the changes at rockymountainpower.net/hes. Where the changes are significant, we may also choose to e-mail all our registered users with the new policy details.
