

Rocky Mountain Power account number _____ - _____ For account # call 1-888-221-7070
 (For installation address)

Name (on account) _____ Daytime phone () _____

Installation address _____ City _____ State _____ Zip _____

Mailing address _____ City _____ State _____ Zip _____

Household information (required - data used to calculate energy efficiency)

Primary heat source: Electric furnace Electric heat pump Natural gas furnace _____

Cooling source: Central air conditioner Heat pump _____

Dryer heat type: Electric Natural gas _____

Water heater fuel: Electric Natural gas Propane _____

Year house built _____ House square footage (estimated) (living space) _____ Square footage cooled (ducted) _____

Customer acceptance of terms
 I hereby certify that all information is accurate including claims of customer and equipment information. I confirm that installed home improvements do not require a building permit. I have read all terms and conditions on the reverse side of this form and acknowledge that Rocky Mountain Power may verify all the information provided.

Customer signature _____ Date _____

Technician name _____ Contractor license # _____

Contractor name _____ Contractor phone () _____

Contractor address _____ City _____ State _____ Zip _____

Work completed date _____

Please check which incentive(s) you are applying for:	Consumer	Contractor
<input type="checkbox"/> Central air conditioner equipment (minimum 15 SEER)	\$250	\$25
<input type="checkbox"/> Central air conditioner proper installation minimum 13 SEER & TXV (attach a copy of the proper installation worksheet). Requires a program qualified contractor:	\$50	\$75
<input type="checkbox"/> Central air conditioner proper sizing minimum 13 SEER & TXV (attach a copy of the Manual J load calculation or equivalent). See reverse for sizing assumptions to be used when calculating Manual J.	\$50	\$25

Central air conditioner incentive information (not all information will be applicable to each incentive, please fill out as appropriate)

Manufacturer _____ Purchase date _____ Installation date _____

Furnace model # _____ AHRI reference # _____

Cooling capacity (Btu/h) _____ Coil model # _____ SEER _____

Condenser model # _____ Condenser serial # _____

Calculated cooling load (if applicable) (Btu/h) _____ Thermal expansion valve installed? Yes

Contractor acceptance of terms
 I hereby certify that all information is accurate including claims of customer and equipment information. I have read all terms on the reverse of this application and acknowledge that Rocky Mountain Power may verify all the information provided.

Contractor signature _____ Date _____

Required documentation includes:

- Itemized receipt/contractor invoice including a description of qualified product or service, itemized costs, and purchase and installation service dates.
- Proof of payment (copy of canceled check or charge receipt) and a certificate of AHRI-Certified Performance for central air conditioner.
- Copy of the HESP Central Air Conditioner Proper Installation Worksheet (required for installation incentive).
- Copy of the Manual J load calculation (required for sizing incentive).

Keep a copy for your records. Mail the completed form within 90 days of purchase to:
Rocky Mountain Power - Home Energy Savings program 1407 W. North Temple, Salt Lake City, Utah 84116
 phone 1-800-942-0266 • fax 1-800-687-6176 • www.rockymountainpower.net/hes

How to receive your incentive:

1. Purchase and install a program qualified product or service. For questions about what products or services qualify, visit www.rockymountainpower.net/hes or call 1-800-942-0266.
2. The proper installation incentive requires a program qualified contractor. For questions about qualified contractors, visit www.rockymountainpower.net/hes or call 1-800-942-0266.
3. Please complete all of the information requested on this form. Incomplete forms may be delayed or denied.
4. Review and sign the acceptance of terms. Make a copy for your records.
5. Mail completed form with all required documentation to: **Rocky Mountain Power – Home Energy Savings program**
1407 W. North Temple, Salt Lake City, Utah 84116

Required documentation includes:

- Itemized receipt/contractor invoice including a description of qualified product or service, itemized costs, and purchase and installation service dates.
- Proof of payment (copy of canceled check or charge receipt) and a certificate of AHRI-Certified Performance for central air conditioner.
- Copy of the HESP Central Air Conditioner Proper Installation Worksheet (required for installation incentive).
- Copy of the Manual J load calculation (required for sizing incentive).

Your incentive check will be issued within 45 days of receipt of your completed and approved incentive application.

Please use the following summer design conditions when calculating the cooling load.

Sizing assumptions - Wyoming

Minimum Design Indoor Dry Bulb Temperature cooling: 75°F
Maximum Design Indoor Dry Bulb Temperature heating: 70°F

Bldg. Age	ACH Envelope	ACH Fireplace
≤ 2 yrs	0.2	0.05
2 < Age ≤ 11	0.4	0.10
> 11 yrs	0.5	0.20

Terms and conditions

Incentive availability

Incentives are available on a first-come, first-served basis according to the postmark date on the application. Please reference the program Web site at www.rockymountainpower.net/hes to determine the current status of incentive availability. All equipment must be new and have been purchased and installed prior to submitting an incentive application. Equipment must be purchased and installed on or after January 1, 2009. Applications need to include all information requested. Failure to provide this information may result in the delay or denial of the incentive.

Incentive qualifications

In order to receive the Central Air Conditioner Incentive*, Properly Sized Incentive, and/or Proper Installation Incentive, equipment must be a new, air-source split or packaged unitary air conditioner with an Air Conditioning, Heating and Refrigeration Institute (AHRI) Standard Rating Cooling Capacity of 65,000 BTU/hr (5.4 tons) or less. Equipment must contain or have a factory or field installed TXV. Split-system equipment must include a new matched condensing unit and new evaporator/fan coil with an overall Seasonal Efficiency Ratio (SEER) determined by AHRI standard 210/240 and listed in the AHRI Certified Directory of Unitary Equipment. This directory can be found online at www.aridirectory.org.

*Requires that the SEER ratio of installed equipment meet or exceed 15 SEER for central air conditioners as determined by AHRI Standard 210/240.

Qualifying customers

Residential electric customers residing in the state of Wyoming who purchase their electricity from Rocky Mountain Power on rate schedule 2 or 18 qualify. Landlords who own rental properties served by the company in the state of Wyoming where the tenant is billed on rate schedule 2 or 18 also qualify for this program. You can find your rate schedule on your bill or by calling 1-888-221-7070.

Qualifying equipment and services

Qualifying products and services may be found online at www.rockymountainpower.net/hes, or by calling 1-800-942-0266. Home improvement incentives available on existing homes only.

Application details

Rocky Mountain Power reserves the right to conduct random inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Incentive qualifications and amounts are subject to change and termination at any time. Rocky Mountain Power customers should visit the program Web site at www.rockymountainpower.net/hes.

The customer hereby transfers to Rocky Mountain Power all "Environmental Attributes" attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment. The customer will not claim ownership of any Environmental Attributes. As long as the customer at the same time states the Qualifying Equipment was made possible with funding from Rocky Mountain Power, the customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Rocky Mountain Power issues incentives in the form of checks not utility bill credits. Rocky Mountain Power is not responsible if your dealer or contractor provides inaccurate information about the amount and/or conditions of the actual incentive and Rocky Mountain Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers or contractors regarding incentive qualifications. Households receiving incentives under the Home Energy Savings program may not receive equipment purchase and installation incentives under other Company programs.

Incentive applications must be submitted within 90 days of purchase or installation.

Keep a copy for your records. Mail the completed form within 90 days of purchase to:
