

Window requirements:

- Home must have **either** a) an electric heating system or b) a central air conditioning or heat pump (ducted unitary cooling equipment) serving 80 percent of the floor area.
- Newly constructed homes should already meet window requirements in current building code and thus are not eligible for an incentive. A remodeling project may not qualify if the upgrade requires a building permit. Unheated spaces, such as a garage, do not qualify for incentives.
- Windows may be installed by either the customer or a contractor.
- It is required that the windows installed have a **U-Factor of .35 or lower and SHGC of .33 or lower.** (Window manufacturer invoice or copies of NFRC stickers are required).
- **An invoice and proof of payment (copy of canceled check, charge receipt or credit card statement)* are required prior to submitting an incentive application for installed windows.** Work may be inspected.

*For complete details about proof of payment requirements, please see the back of this form.

Keep a copy for your records. Mail the completed form within 90 days of purchase to:
Rocky Mountain Power - Home Energy Savings program 1407W. North Temple, Salt Lake City, UT 84116
 phone 1-800-942-0266 • fax 1-800-687-6176 • www.rockymountainpower.net/hes

How to receive your incentive:

1. Purchase and install a qualified product or service. For questions about what products or services qualify, visit www.rockymountainpower.net/hes or call 1-800-942-0266.
2. Please complete all of the information requested on this form. Incomplete forms may be delayed or denied.
3. Review and sign the acceptance of terms. Make a copy for your records.
4. Mail completed form with all required documentation to: **Rocky Mountain Power – Home Energy Savings program**
1407 W. North Temple, Salt Lake City, UT 84116

Required documentation for windows includes:

- Itemized receipt/contractor invoice that clearly indicates the total number of qualifying windows, dimensions for each window, total costs, and purchase and installation dates
- Window manufacturer invoice or copies of National Fenestration Rating Council (NFRC) stickers for each window.
- Proof of payment (copy of canceled check, charge receipt or credit card statement).

Your incentive check will be issued within 45 days of receipt of your completed and approved incentive application. Incentive checks are paid to the Rocky Mountain Power account holder. Customers are responsible for payment to contractors.

Terms and conditions

Incentive availability

Incentives are available on a first-come, first-served basis according to the postmark date on the application. Please reference the program Web site at www.rockymountainpower.net/hes to determine the current status of incentive availability. All equipment must be new and have been purchased and installed prior to submitting an incentive application. It is required that equipment be purchased and installed on or after January 1, 2009. Applications must include all information requested. Failure to provide this information may result in the delay or denial of the incentive.

Qualifying customers

Residential electric customers residing in the state of Utah who purchase their electricity from Rocky Mountain Power on rate schedules 1, 2, 3 or 25 qualify. Landlords who own rental properties served by the company in the state of Utah where the tenant is billed on rate schedules 1, 2, 3 or 25 also qualify for this program. Home must have an electric heating system, central air conditioner, or heat pump serving 80 percent of the floor area (ducted unitary cooling equipment).

Qualifying equipment and services

Qualifying products and services may be found online at www.rockymountainpower.net/hes, or by calling 1-800-942-0266. Home improvement incentives available on existing homes only.

Application details

Rocky Mountain Power reserves the right to conduct random inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Incentive qualifications and amounts are subject to change and termination at any time. Rocky Mountain Power customers should visit the program Web site at www.rockymountainpower.net/hes.

The customer hereby transfers to Rocky Mountain Power all "Environmental Attributes" attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment. The customer will not claim ownership of any Environmental Attributes. As long as the customer at the same time states the Qualifying Equipment was made possible with funding from Rocky Mountain Power, the customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Rocky Mountain Power issues incentives in the form of checks not utility bill credits. Rocky Mountain Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Rocky Mountain Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Households receiving incentives under the Home Energy Savings program may not receive equipment purchase and installation incentives under other Rocky Mountain Power programs.

Incentive applications must be submitted within 90 days of purchase or installation.

Keep a copy for your records. Mail the completed form within 90 days of purchase to:
