Terms and conditions

Incentive availability

Incentives are available on a first-come, first-served basis according to the postmark date on the application. Please reference the program website at pacificpower.net/hes to determine the current status of incentive availability. All equipment must be new and have been purchased and installed prior to submitting an incentive application. Incentive will not exceed purchase price. Applications must include all information requested. If required information is not provided within 90 days of application submittal, the incentive application will be denied. Incentives are subject to tariff approval and may change with 45 days notice. Additional terms and conditions may apply. Please call us toll free at 1-800-942-0266 for current program requirements.

Qualifying customers

Residential electric customers residing in the state of California who purchase their electricity from Pacific Power on rate schedules D, DL-6, DS-8, DM-9 or NEM-35 qualify. Landlords who own rental properties served by the company in the state of California where the tenant is billed on rate schedules D, DL-6, DS-8, DM-9 or NEM-35 also qualify for this program. You can find your rate schedule on your bill, by calling toll free 1-888-221-7070 or by logging in at pacificpower.net. Incentive checks will be issued in the name of the customer on the qualifying account.

Qualifying equipment

Qualifying products and services may be found online at pacificpower.net/hes or by calling us toll free at 1-800-942-0266.

Jury waiver

To the fullest extent permitted by law, each of the parties hereto waives any right it may have to a trial by jury in respect of litigation directly or indirectly arising out of, under or in connection with this agreement. Each party further waives any right to consolidate any action in which jury trial has been waived with any other action in which a jury trial cannot be or has not been waived.

Application details

Pacific Power reserves the right to conduct random inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Incentive qualifications and amounts are subject to change and termination with 45 days notice. Pacific Power customers should visit the program website at pacificpower.net/hes.

The customer hereby transfers to Pacific Power all "Environmental Attributes" attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment. The customer will not claim ownership of any Environmental Attributes. As long as the customer at the same time states the Qualifying Equipment was made possible with funding from Pacific Power, the customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Pacific Power issues incentives in the form of checks not utility bill credits. Pacific Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Pacific Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Households receiving incentives under the Home Energy Savings program may not receive equipment purchase and installation incentives under other Pacific Power programs.

By providing Pacific Power with your email address you agree that we may send you emails, occasional "breaking news" alerts and promotions from Pacific Power's Home Energy Savings program. We may also email you occasionally with updates and information about the program. Should we elect to change our privacy policy we will post the changes at pacificpower.net/hes. Where the changes are significant, we may also choose to email all our registered users with the new policy details.

Incentive applications and all required information and documentation must be postmarked within 90 days of purchase or installation. Failure to include complete materials may result in denied or delayed incentives.

Your incentive check will be issued within 45 days upon receipt of your completed and approved incentive application.
