

# Smart Thermostat

Washington Residents

For work completed on or after January 1, 2016

## Smart Thermostat Incentives

See [pacificpower.net/wa-qpl](http://pacificpower.net/wa-qpl) for qualified products or ask your retailer

|                    |      |
|--------------------|------|
| Customer Incentive | \$50 |
|--------------------|------|

## Instructions

Steps and requirements to earn each incentive

### Purchase a new qualifying product

- Smart thermostat must be a Wi-Fi enabled, programmable climate control device that allows customizable schedule of home temperature
- Product must be on qualified products list at time of purchase: [pacificpower.net/wa-qpl](http://pacificpower.net/wa-qpl)
- A home is not eligible for more than two smart thermostat incentives

### Install product properly

Occupancy sensor must be enabled

### Ensure home qualifies

Only electrically heated homes are eligible for an incentive

### Include an itemized receipt or invoice

Itemize receipt/invoice details must clearly show and describe:

- Product purchased
- Model number
- Price paid
- Date of purchase

### Mail all documents so they are postmarked within 90 days of completion of the qualifying product purchase

Make copies for your records. Documents to mail include:

- This completed and signed application
- Itemized receipt or invoice
- W-9 tax form for businesses and non-individual customers, including landlords, applying for incentives
- Third Party Payment Addendum for homeowners who are not listed on the utility account and who are applying for incentives

## Provide smart thermostat information here

You can apply for a maximum of two smart thermostat incentives

|                                   | Smart thermostat model 1 | Smart thermostat model 2 |
|-----------------------------------|--------------------------|--------------------------|
| Manufacturer/brand                |                          |                          |
| Model number                      |                          |                          |
| Serial number                     |                          |                          |
| Date of purchase (month/day/year) |                          |                          |
| Price per model                   |                          |                          |
