

This list is provided **as a convenience only** to our customers.

This list includes **participating and qualified HVAC program trade allies** participating in Rocky Mountain Power’s wattsmart Homes program. A program trade ally can be a contractor, plumber or retailer who sells or installs qualifying equipment or performs services for home energy efficiency upgrades.

Customers must use a trade ally on this list in order to qualify for an HVAC incentive. Be sure to review the services offered by each trade ally to ensure they install the specific measure(s) you want to apply for. If you are working with a contractor not on this list, please encourage them to sign up with the program before starting any work. Contractors interested in participating in wattsmart Homes program should contact the Trade Ally Hotline at (800) 942-0281 for more information.
